

8441545TO

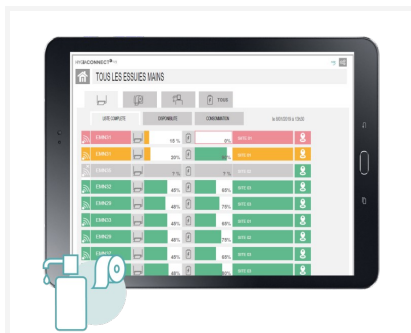

Connected Hand sanitizing station

The 1st connected disinfection station for guaranteed availability of hydroalcoholic gel. Almost real-time monitoring of gel levels and alerts in the event of imminent breakage. No electrical connection and vandal-proof.

PRODUCT PLUSES

- **MONITOR THE LEVEL OF HAND SANITIZER GEL IN REAL TIME** - The connected sanitizing solution lets you know at any time the level of hand sanitizer gel in your dispensers and helps you monitor the consumption.
- **ACT AT THE RIGHT TIME** - In case of imminent rupture, the connected sanitizing solution sends you an alert in order to plan an intervention as quickly as possible.
- **SANITIZING STATION** - Very sturdy with its 6kg base. Made in France. Supplied with a white Yaliss automatic sanitizer gel dispenser (1L capacity).
